METHODOLOGICAL INFORMATION AND CONCEPTS

DEMOGRAPHY

Live births: Upon occurrence of each live birth at the hospitals, Centro Hospitalar Conde S. Januário and Hospital Kiang Wu send corresponding records to the Statistics and Census Service. In addition, the Civil Affairs Registry send complementary information to the Statistics and Census Service (DSEC) to ensure statistical coverage.

Mortality and fetal mortality: The information is based on the duplicates of certificates of mortality and fetal mortality, provided by the Civil Affairs Registry. Verification of classifying causes of death is carried out by the Health Bureau.

Marriage: The information is obtained from the records of marriage registration provided by the Civil Affairs Registry.

Chinese immigrants with "One-way Exit Permit", persons authorized to reside in Macao and non-resident workers: Information is provided by the Public Security Police Force. The Statistics and Census Service collates the relevant information and defines the format for publication.

All the above information refers to the actual date of event, except for that on marriage, which refers to the date of registration.

CONSUMER PRICE INDEX

Consumer Price Index (CPI) is derived from the results of the following 2 surveys of DSEC: Household Budget Survey, conducted between September 2002 and September 2003, to obtain the consumption pattern of households; and the regular Consumer Price Survey to obtain the latest retail prices of goods and services for the compilation of CPI.

CPI reflects the price changes of a fixed “basket” of representative goods and services consumed by households.

WHOLESALE PRICES OF FRESH FOOD ITEMS

Wholesale price is the price at which a wholesaler directly trades a certain quantity of merchandise to a retailer. Information of fresh food wholesale prices in this survey is obtained from the wholesalers in Nam Yue Wholesale Market and areas around Rua do Teatro as well as Rua da Tercena. Wholesale prices of vegetables, live poultry, eggs and fresh fruits are regularly collected from them. The respective price information on livestock and rice is collected from major wholesalers in Macao.

RETAIL PRICES OF FOOD ITEMS

Retail price is the price at which a retailer sells the merchandise to a final consumer. Information of retail prices of food items is obtained from the Consumer Price Survey.

1. Data collection

- 1.1. The external merchandise trade statistics are based on information given by the importers and exporters in the trade licenses and declarations.
- 1.2. The Macao Customs Services is responsible for ensuring the information written on the trade licenses and declarations corresponds to the actual goods.
- 1.3. Statistical copies of the trade licenses and declarations are sent to the External Trade Statistics division of the Statistics and Census Service by the Macao Customs Services, the next day after each external trade operation.

2. Trade Type

The major trade types in this publication are as follows:

- 2.1. Imports: The entry of any commodities into the territory, except re-imports and transit.
- 2.2. Exports: The outgoing from the territory of any commodities, except temporary exports and transit.
 - 2.2.1. Domestic exports: The outgoing from the territory of any commodities with the origin of Macao.

4. Country of origin and Country of destination

- 4.1. Country of origin: Imports are recorded according to the country of origin, i.e. the country or territory where the agricultural produce was grown, the minerals were mined and manufactured articles were manufactured either wholly or partly. If partly, it is considered that the country or territory of origin is the country or territory responsible for the last phase of the manufacturing operation before the merchandise takes its final form. Repacking, reclassification and mixing are not considered as a transformation operation.
- 4.2. Country of destination: Exports are recorded according to the country of destination, i.e. the final country or territory to which the goods are delivered, whether or not the transports have been interrupted, and without the commercial transaction in the intermediate country or territory.

5. Value
