a The data referred in part A, B, C, E, F and G of Table VIII are extracted from the Employment Survey. Since the population estimate, which serves as the base for statistical inference in the Employment Survey, has been adjusted after the Census 2001, the resulting indicators for the previous periods before 2002 were thus revised accordingly.

b Starting from 2000, information relating to manufacturing, hotels and restaurants, financial services, electricity, gas and water supply will be released for the 1st and 3rd quarters and information on retail and wholesale, transport, storage and communications will be released for the 2nd and 4th quarters.

a The data referred in part A, B, C, E, F and G of Table VIII are extracted from the Employment Survey. Since the population estimate, which serves as the base for statistical inference in the Employment Survey, has been adjusted after the Census 2001, the resulting indicators for the previous periods before 2002 were thus revised accordingly.
